

2026 RACE GUIDE

40 OPEN ENTRY RACES, NO QUALIFIER

20 in California, 20 across the US, all USATF certified. From summer 2026 through spring 2027, a window for whatever you're building toward. For the runner who lifts and the lifter who runs.

THE RULES OF THIS LIST

It's race season. If you've been waiting for the right moment to sign up for something, this is it. 40 open entry road races: 20 in California, 20 across the US. All USATF certified. All open to everyone, no matter how fast or slow you run.

The rule for everything in this guide: **no qualifying time, no lottery**. You register, you train, you show up. Races run from now through spring 2027, so there's a window for whatever you're building toward.

Prices go up as race day gets closer. A handful of these are sold out of standard entries but still have charity or benefactor spots. We've flagged the status on every one. Click through and verify before you register. Race capacity and pricing move fast.

01 **Open entry:** no qualifying time required. Pay the fee and you're in.

02 **USATF certified:** course distance is officially measured. PRs count.

03 **Status flagged:** Open, Limited, or Sold Out, accurate as of June 2026.

04 **Verify before you register:** capacity and pricing can shift between updates.

20 CALIFORNIA RACES
